About Us

3Waves Energy Pte Ltd is a Marine Communication Company founded by a group of highly active personnel who has over 20 years each of working experience in the marine and offshore industry. They specialize in integrated solutions for marine communication, navigation, automation and bio energy systems. Based in Singapore, the Company is known for her wide ranging capabilities in designing, supplying, installing, integrating, testing and commissioning integrated solutions for the marine and offshore oil & gas industries, backed up by her excellent maintenance and support services. Satellite airtime services are also offered to complement her communication business.

System Integration and More

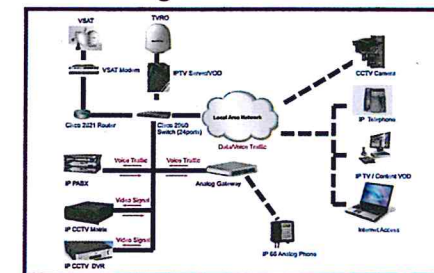

Range of Products & Solutions

- Airtime Solution (Vsat, Inmarsat, BGAN & Iridium)
- BNWAS, GPS, AIS & Electronic Chart Display Information System (ECDIS)
- Ballast Water Treatment & Management Solution
- Dynamic Positioning System, Joystick, Thruster & Stabilizer System
- Echo Sounder, Speed Log, Gyrocompass, Autopilot & Steering Control
- Fishery Research, Sonar, Multi-beam System & VMS
- Fire Detection and Marine Alarm Monitoring Automation System
- Integrated Bridge System (IBS) & Integrated Platform Management (IPMS)
- Night Vision Camera, NV Binocular & Long Range Surveillance System
- Public Address / General Alarm System (PAGA), PABX, Talkback and SPT
- Radar & Vessel Tracking Management System (VTMS)
- Radio MF/HF, VHF, UHF, AM & NDB Radio System
- Ship Energy Efficiency Management Plan (SEEMP) & Fuel Monitoring
- Satellite Communication, L.A.N., IPTV & Entertainment System
- Training Simulation System for Marine, Oil & Gas, Offshore, Military, ECDIS
- Voyage Data Recorder (VDR & SVDR), Search and Rescue Equipment
- Wave Radar, Oil Spill Detection, Heli-deck & Weather Monitoring System

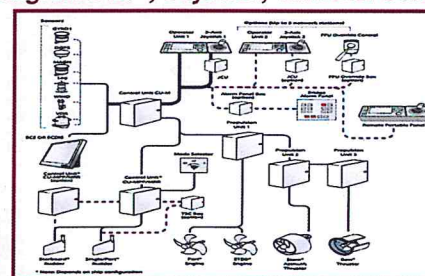

Integrated Navigation Solution

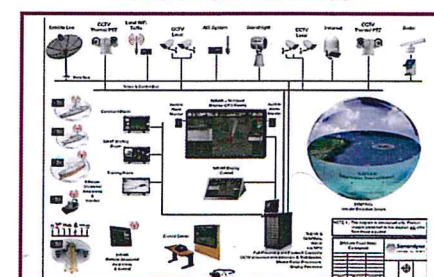

Integrated IP Solution

Integrated DP, Joystick, Thruster Solution

Coastal Surveillance

System Integrated Solution for Marine, Oil & Gas, Military, Leisure, Fishery & Energy
